

MAINLINE OPTICAL CONNECTIONS

Making connections for over 40 years

REDEGE

TOP OF THE RANGE PADS YOU CAN TRUST

RedEdge uses the latest technology to meet the varied demands of the lenses you encounter today.

Features:

- Enhanced adhesive allows exceptional holding power for today's longer cycle times.
- Excellent conformability on all lens curves

We recommend this pad for premium glazing jobs and labs set up with stand alone rimless drills.

Benefits:

- Reinforced foam provides superior torque resistance, thereby reducing axis failures.
- Excellent conformability on all lens curves.
- Enhanced adhesive allows exceptional holding power for today's longer finishing cycle times
- Shape offering matches most common block styles.
